

Trichloroisocyanuric Acid

Molecular Formula | C3O3N3CL3

Function | Antisepsis, sterilization, water cleaning, bleaching, killing alga, deodorization

Technical Index

Grade \ index value \ index name	Best quality	First grade	Qualified
Effective content of chlorine %≥	90.0	89.0	88.0
Content of water %≤	0.5	0.5	0.5
PH value of 1% solution	2.6-3.2		

Application | Bleaching, wool shrinkage proof agent, oxidant for rubber, battery material, nonaqueous bleaching in organic synthesis and clothes. And it is nontoxic.
